CONSULTING AND FIRE PROTECTION SERVICES

ABOUT SAFETY HUB

Fire safety, engineered from design to handover.

Safety Hub Egypt is a fire protection, fire alarm, MEP and light current engineering and contracting company. We design, supply, install, test and commission, and maintain life-safety systems for industrial, oil & gas, hospitality, commercial and administrative facilities.

OUR MISSION

Protect lives, property and operations through code-compliant systems, delivered right and handed over ready.

HOW WE WORK

One team from site survey and drawings to testing, staff training and Civil Defense handover.

Safety_Hub
CONSULTING AND FIRE PROTECTION SERVICES

— OUR SERVICES

What we deliver.

01 **FIRE FIGHTING SYSTEMS**
Water networks, sprinklers, hose reels, hydrants and fire pump rooms.

02 **FIRE ALARM SYSTEMS**
Automatic detection and alarm for every building type.

03 **SPECIAL SUPPRESSION**
Gas suppression and kitchen-hood wet chemical systems.

04 **LIGHT CURRENT / ELV**
CCTV, access control and control systems.

05 **MEP • PLUMBING • WATER SUPPLY**
Plumbing, drainage and water supply installation and maintenance.

06 **SMART HOME**
Lighting, security and building automation.
